

Environmental Foreign Talent Development (EFTD)

HIRE A NEWCOMER TO CANADA AND RECEIVE UP TO \$15K IN FUNDING

Newcomers accounted for two thirds of Canada's labour force growth between 2016 and 2017, and this proportion is expected to rise to 80% by 2031. But lack of Canadian experience, lack of professional networks, and communication challenges all present barriers to newcomer professionals that leave them unable to leverage their significant training and experience.

As stewards of all aspects of the Canadian environmental workforce, we are committed to help Canadian newcomers and their potential employers overcome these barriers. Funded by the Government of Canada, this program strives to remove the barriers faced by highly-skilled newcomers when attempting to enter the Canadian Environmental workforce.

BENEFITS TO EMPLOYERS

- Receive up to \$15,000 in funding towards a candidate's salary
- Expand your talent pool and build in-house expertise
- Save money of overhead and projects costs
